The Dhevatar Residence properties provide luxury accommodation in a relaxed beachside setting on Koh Samui's north coast.

There are two styles of property available; large single storey beachfront and multi-storey hillside. The layout of the beach front houses has been carefully designed to optimise the space and create a feeling of intrigue. Each consists of 4 pavilions that hold the villas' sleeping quarters; the contemporary master bedroom lies at the front of the property with the secondary bedrooms at the rear. The accommodation also includes a stylish full kitchen/dining pavilion and stepped pond over to a contemporary living room. The large private pool and sala lie next to the living room and adjoin the beach.

The multi-storey hillside villas sit directly behind the beachfront homes and afford fabulous sea views. The ground level comprises the private parking area and 1 double ensuite bedroom with a small garden courtyard. The first floor is the primary living area with a combined kitchen/dining and living room on one side and 2 further ensuite (shower only) bedrooms opposite. This level is also where a large deck and private pool are located. On the second and top floor sits the spacious master bedroom, which boasts a small sitting area, a sizeable ensuite with bathtub and views to die for!

Dhevatar Residence offers secluded modern properties within a magnificent setting, and finished to a high standard of luxury. They also benefit from being located close to some of the island's best restaurants and shops. One of these villas will provide you with the ultimate in relaxed and comfortable living while also allowing you to enjoy the conveniences and facilities of a 5-star resort.
