

DHEVATARA RESIDENCE

“Boutique styling
in blissful
surroundings”

The villas at Dhevatar Residence provide guests with luxurious accommodation in a relaxed beautiful beachfront location on the Bay of Bophut on the northern coast of Koh Samui. This newly developed estate features a fine array of properties that combine understated styling with all the modern conveniences and facilities that you would only expect from a 5-star resort!

The villas are laid-out in several different designs to ensure guests have the choice to optimize their comfort and fulfillment with some on the hillside offering stunning sea views, and others directly along the estate's beachfront. The large single story ocean front homes consist of multi living pavilions that maximize the use of space and lend a village atmosphere. Walking from the lovely entrance down the central path, lush foliage intermingling with the buildings creates a feeling of intrigue as you explore your home-away-from-home. With 3-4 pavilions per home, these hold the villas sleeping quarters with the secondary rooms towards the rear of the property and the contemporary master bedroom at the forefront together with a stylish full kitchen/dining pavilion and stepped pond over to the contemporary living room directly next to the villas large pool and Sala adjoining the beach.

Alternatively, the hillside villas that sit directly behind the beachside homes provide guests with superior views and private multi-story accommodation. These beautiful villas provide guests with privacy and space to ensure the ultimate in relaxation and conveniences. The ground level comprises the private parking area and a double bedroom and ensuite with small garden courtyard. The first level is the primary living area with a large deck surrounding the villas swimming pool with the combined kitchen/dining and living room on one side and two more bedrooms with ensembles (shower only) opposite. On the second and top level sits the large master bedroom. This room has a small sitting area and sizeable en-suite with bathtub that has views to die for!

Dhevatar Residence offers guests modern homes with seclusion and indulgence within a magnificent setting. Whilst having the opportunity to enjoy this stunning splendour, you also have the convenience of being within close proximity of some of the islands best restaurants and shopping that will surely add to the enjoyment and satisfaction of your overall stay.
